The war is over and blackouts are a thing of the past, except in the village of Melchester, where the local council has refused to sully its streets with unsightly lamps. The night is pitch black, but hardly quiet. Young lovers are rendezvousing, a police constable is helping himself to a few of his neighbor's partridges, and a poet is going to visit his beloved, a new verse on his lips. She will never hear it, sadly, for the young man is stopped along his way - stopped forever, by the tight grip of the garrote. The local constabulary wastes no time reaching out to Scotland Yard, which sends its best man: the

easygoing detective-inspector Littlejohn. In Melchester he will find unspeakable secrets - and one citizen whose soul is as dark as the village night. 'Blew my mind... so magically written and most of all that it is based on true events... a hard-hitting, soul-crushing book... I loved every moment of it... immersive, heart-wrenching, I feel emotional writing this review.' Goodreads reviewer, 5 stars Wanted: Company Daughters. Virtuous young ladies to become the brides of industrious settlers in a foreign land. The Company will pay the cost of the lady's dowry and travel. Returns not permitted, orphans preferred. Amsterdam, 1620. Jana Beil has learned that life rarely provides moments of joy. Having run away from a violent father, her days are spent searching for work in an effort to stay out of the city brothels, where desperate women trade their bodies for a mouthful of bread. But when Jana is hired as a servant for the wealthy and kind Master Reynst and his beautiful daughter Sontje, Jana's future begins

to look brighter. Then Master Reynst loses his fortune on a bad investment, and everything changes. The house is sold to creditors, leaving Jana back on the street and Sontje without a future. With no other choice, Jana and Sontje are forced to sign with the East India Company as Company Daughters: sailing to a colonial Dutch outpost to become the brides of male settlers they know nothing about. With fear in their hearts, the girls begin their journey - but what awaits them on the other side of the world is nothing like what they've been promised... Based on true history, this is a gripping and unputdownable historical novel, perfect for fans of *Girl with a Pearl Earring*, *The Miniaturist* and *The Indigo Girl*. Miss Julia's iron will and kind heart have assured her a spot among the most beloved characters of Southern literature. In her latest adventure, Miss Julia whisks Hazel Marie off to the doctor when the latter admits she's been feeling poorly. The news floors them both: Hazel Marie is pregnant with twins. Unfortunately, she's also just sent her beau, Mr. Pickens, packing. Miss Julia needs a plan- and fast. So when Sam's house is robbed, Miss Julia declares that only J. D. Pickins, P.I., can get his things back. Playing Cupid and solving the crime might seem like a tall order but readers everywhere know that Miss Julia always delivers the goods. After spending two years studying in Itsutsu city to bring back the life of convenience and abundance from the legends of the ancient civilization, Ash graduates from the military academy. He is now assigned to the newly established Territory Reform Promotion Office, where he works hard to

improve this world's living standards. When it is brought to Ash's attention that Ajole, the hometown of his co-worker Renge's childhood friend, is on the verge of extinction, he decides to embark on a rescue mission. The inspection task force led by Ash and Maika encounters barren fields and skinny villagers. It appears that they have no choice but to break the taboo and use animal manure as compost. To make matters worse, there is news of another threat to the village: the demons known as treants! Can Ash find a way to save the village? This is the fourth chapter of the story about a young boy who sets out to revolutionize the world in order to rebuild civilization and create his ideal life! In a series of diary entries, thirteen-year-old Judi recounts her struggles to lose weight, hide her bulimia from her mother, find a boy friend, and decide on a profession. Suggested level: intermediate, junior secondary. Navy SEAL who wants nothing to do with commitment, is forced to protect his neighbor and her unborn baby

when her past comes calling. Jack “Mars” Marsten lives in an apartment he never made a home. He made the mistake of marrying right out of boot camp to his high school sweetheart. When his wife left him during BUDS training, he vowed never to marry again. No entanglements. Period. Deirdre Anne Tyler is running from her ex-boyfriend who beat her when he found out she was pregnant. She changed her name to Anne Smith and is hiding in an apartment next door to a cranky Navy SEAL who barely says hello. Which is just as well. The fewer people who know her and where she is, the less chance of her ex finding her. Until he does... When trouble comes calling, Anne hides in her neighbor’s apartment. Jack wants nothing to do with the woman but can’t send her back to deal with her problem on her own. Stuck with the woman, he’s now responsible for keeping her alive until her baby is born. How hard could that be? Harder than he originally thought when he finds himself falling for the pretty mother-to-be.

No-commitment Jack sinks deeper into his own kind of trouble where Anne is concerned. the pretty mother-to-be. No-commitment Jack sinks deeper into his own kind of trouble where Anne is concerned. I didn’t mean to kidnap the groom. It was an accident. Mostly... At least I didn't take much time to plan it. It was more of a spur of the moment kidnapping. Does that count? One minute, the town’s bad boy is standing at the altar about to marry the world’s most evil kindergarten teacher. The next, he’s passed out in my Vespa sidecar with his bride hot on our tail. But I didn't have a choice! I couldn't stand by and watch Jace O’Dell be blackmailed into a loveless marriage. And besides, what’s a little kidnapping between friends? Okay, so maybe we’re not just friends... And maybe I can’t quit thinking about that night at his bar when he closed up early and had me on the rocks. And maybe this crazy stunt is going to blow up in both of our faces. If it does, I’m blaming the moonshine. Even though the only thing I’m

hammered on when it comes to Jace is love—straight up, no chaser. This book explores the significance of silence within and beyond pedagogical contexts. Silence is a complex and multidimensional phenomenon for everyday life: since schools mirror society, it is also significant in education. While silence can be experienced in a multitude of different ways, the author reflects on whether silence itself can bear a message: is there an aspect of dialogue in silence, or is it a language all of its own? This book examines a variety of silences essential for education, examining such topics as silence and aspects of power, silent students, and the relationship between listening and silence. Drawing on a range of empirical data, the author elucidates the significance of silence in pedagogical contexts. Get ready for *The Undoing*, soon to be the most talked about TV of 2020. From the creators of *Big Little Lies*, *The Undoing* premieres this autumn starring Nicole Kidman, Hugh Grant and Donald Sutherland. 'A

great psychological thriller ... I couldn't put it down.' Daisy Goodwin 'Gripping . . . had me in its thrall from page one . . . Brilliant.' Metro A New York Times bestseller Grace Sachs, a happily married therapist with a young son, thinks she knows everything about women, men and marriage. She is about to publish a book called *You Should Have Known*, based on her pet theory: women don't value their intuition about men, leading to serious trouble later on. But how well does Grace know her own husband? She is about to find out, and in the place of what she thought she knew, there will be a violent death, a missing husband, and a chain of terrible revelations. Left behind in the wake of a very public disaster, and horrified by the ways in which she has failed to heed her own advice, Grace must dismantle one life and create another for herself and her child. Published previously under the title *You Should Have Known* The aim of this book with its detailed step-by-step colour photographs and diagrams,

is to enable every owner to fix their diesel engine with ease. Troubleshooting tables help diagnose potential problems, and there is advice on regular maintenance and winterising and repair. Jean-Luc Pallas's enthusiasm for passing on his knowledge, as well as his clear explanations, precise advice and step-by-step instructions make this a unique book. First published in 1895, this book recounts the author's 1893 expedition to the Tafilet oasis in Morocco, one of the largest oases in the world. Previously largely inaccessible (before the invention of the motor car it was at least 10 days' journey south of Fez across the Atlas mountains and the Sahara), Harris took advantage of the Sultan of Morocco Mulai el Hassen's decision to pay a visit to the oasis during the autumn of that year. Throughout the book the author describes in great detail the places he visited and the people he met along the way. There are detailed descriptions of Marrakesh and the villages of the Atlas

Mountains, as well as ruminations on the differences between the Arabs and the Berber tribes, and the situation of the Jews. Crossing the desert, Harris reached the Sultan's camp at the edge of the oasis, and there follows a detailed description of the activities of the Sultan and his retinue, their dealings with the troublesome tribes of the area, and accounts of the history, geography and people of Tafilet. The book concludes with the author's return journey to the north, and an account of the events following the Sultan's own return from the oasis and his subsequent death. Painting as it does a vivid picture of the state of Morocco at the very end of the 19th century, Walter B. Harris's Tafilet is sure to be of great interest to all those fascinated by the history of this unique and diverse North African country. Love can be blinding and by the time the truth shines through, it's too late to escape. Fame.Fortune.Success.Is that too much to ask?All I need is to catch a break. To snag the

attention of someone important. Someone who can help make my career everything I want it to be. Joseph was that man. Until the night the lights went out and I left with someone else. Someone who stole my breath and made me want for things I'd never considered before. I should have known better than to trust a stranger. Especially one of his stature and class. Money means power and power means control. Over my heart. My career. My entire life. My dreams died the moment I agreed to his terms and a new chapter in my life began. I was blinded by my love for him and thought nothing would ever change the way I felt. Then I uncovered the truth about him. About the kind of man he really was and the secrets he paid good money to keep hidden from everyone. Now I'm trapped, with no way out. Book 1 of 2 in the Storm Series. Photoelectron spectroscopy has matured considerably during the last decade. The experimental techniques were improved impressively and a deeper theoretical insight

into the underlying mechanisms of photoemission could be achieved. The present volume III/23C2 is a critically and as comprehensive as possible tabulation of data on the bulk electronic structure of magnetic transition metals, obtained by electron and photon spectroscopies. This volume presents, besides the photoelectron results, and calculated dispersion curves, also a limited set of other data like lattice constants and work functions useful in the context of band structure information. Tables of frequently used symbols and of abbreviations are given in a general introduction where also definitions of the quantities and some historical remarks are included. The Bad Boy Series Collection I've been in love with Hunter Saint my entire life. He was my first love and the one I could never forget. Then Fate intervened and we became enemies. Now, I must go to Hunter on my hands and knees to beg him to save my brother's life. I'll pay any price to save him. I'll do anything

Hunter wants. Anything... The Bad Boy Series by S. E. Lund's is a sexy new novella series, featuring a bad boy with a heart of gold and a heroine who can't get him out of her life or her heart. When Fate forces them back together again, can they deny what has long simmered between them? The book includes all main physical properties of d- and f-transition-metal systems and corresponding theoretical concepts. Special attention is paid to the theory of magnetism and transport phenomena. Some examples of non-traditional questions which are treated in detail in the book: the influence of density of states singularities on electron properties; many-electron description of strong itinerant magnetism; mechanisms of magnetic anisotropy; microscopic theory of anomalous transport phenomena in ferromagnets. Besides considering classical problems of solid state physics as applied to transition metals, modern developments in the theory of correlation effects in d- and f-compounds are considered within

many-electron models. The book contains, where possible, a simple physical discussion. More difficult questions are considered in Appendices. 'A gritty, heart-pounding tale of betrayal and bloody vengeance. I loved every single word' John Gwynne The Pariah begins a new epic fantasy series of action, intrigue and magic from Anthony Ryan, a master storyteller who has taken the fantasy world by storm. Born into the troubled kingdom of Albermaine, Alwyn Scribe is raised as an outlaw. Quick of wit and deft with a blade, Alwyn is content with the freedom of the woods and the comradeship of his fellow thieves. But an act of betrayal sets him on a new path - one of blood and vengeance, which eventually leads him to a soldier's life in the king's army. Fighting under the command of Lady Evadine Courlain, a noblewoman beset by visions of a demonic apocalypse, Alwyn must survive war and the deadly intrigues of the nobility if he hopes to claim his vengeance. But as dark forces, both human and arcane, gather to oppose

Evadine's rise, Alwyn faces a choice: can he be a warrior, or will he always be an outlaw? 'The Pariah is Anthony Ryan at his best. A fast-paced, brutal fantasy novel with larger-than-life characters and a plot full of intrigue and suspense' Grimdark Magazine Spanning more than two centuries in Ireland, Castle on the Rise unites the legacy of three women who must risk mending their broken places for life, love, and the belief that even through the depths of our pain, a masterpiece of a story can emerge. When Laine Forrester travels overseas to attend her best friend's vineyard wedding, she expects to find the bride on the brink of a fairy-tale life. But after a series of unforeseen setbacks, it seems the storybook lives they'd imagined are suddenly ripping apart. With hopes of resurrecting a happy ending, Laine agrees to accompany the newlyweds to the groom's home in Ireland—never expecting she'd be the one drawn in by its wide-open moors, backroads bordering the Irish Sea, and a mysterious castle that dares

to keep its secrets hidden. From the storied streets of Dublin to the shores of the Emerald Isle, Laine is drawn in to the land and its rich history. The castle ruins whisper stories of Issy—a photojournalist battling through the 1916 Easter Rising, and Maeve—the castle's lady of legend, fighting for survival through the 1798 rebellion that started it all. It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the

oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life. A Discovery of Witches meets Twilight in this mesmerizing paranormal romance... single day. The first was when I lost my parents. Hand in hand I walked with my big sister up the steps of Kerrighan House, a foster home for girls. We were lucky to be met with open arms and a house filled with children just like us. Children who'd lost everything. From that day forward, we were raised as one big family. Our bonds of sisterhood were strengthened through shared experience, pain, sacrifice, and love. Sisters not by blood, but by choice. Soul sisters. The second day my life changed was on the worst day of my adult life. My boyfriend broke up with me via text. My sleazy boss hit on me, forcing me to quit a job I desperately needed. And the cherry on top, was getting pulled over by an FBI Agent. Little did I know, he'd also save my life that night. From the moment we met, Agent Fontaine wouldn't dare let me out of his sight. And between his alpha ways, kind brown eyes, and heroism, I was lost to the man who hid behind his job. But this agent had a rule: never fall for a woman you've saved. Yet I wasn't just

any woman. I was known among my sisters for taking risks and dreaming big. I was the wild child of the group. We were raised to appreciate every day as the gift it was, and not let anything stand in our way. The more I got to know the brooding, serious FBI man, the more I realized maybe it was my duty to save him. How to Lose a Guy in Ten Days meets Accidentally on Purpose by Jill Shalvis in this head-over-heels romantic comedy. "This heartfelt, witty addition to women's fiction will appeal to fans of Elizabeth Berg and Anna Quindlen." (Booklist) Georgia Waltz has things many people only dream of: a plush Manhattan apartment overlooking Central Park, a Hamptons beach house, valuable jewels and art, two bright daughters, and a husband she adores, even after decades of marriage. It's only when Ben suddenly drops dead from a massive coronary while training for the New York City Marathon that Georgia discovers her husband—a successful lawyer—has left them nearly

penniless. Their wonderland was built on lies. As the family attorney scours emptied bank accounts, Georgia must not only look for a way to support her family, she needs to face the revelation that Ben was not the perfect husband he appeared to be, just as her daughters—now ensconced back at home with secrets of their own—have to accept that they may not be returning to their lives in Paris and at Stanford subsidized by the Bank of Mom and Dad. As she uncovers hidden resilience, Georgia's sudden midlife shift forces her to consider who she is and what she truly values. That Georgia may also find new love in the land of Spanx and stretch marks surprises everyone—most of all, her. Sally Koslow's fourth novel is deftly told through the alternating viewpoints of her remarkable female protagonists as they plumb for the grit required to reinvent their lives. Inspiring, funny, and deeply satisfying, *The Widow Waltz* explores in a profound way the bonds between mothers and daughters,

belligerent siblings, skittish lovers, and bitter rivals as they discover the power of forgiveness, and healing, all while asking, "What is family, really?" The magnetism of iron and other transition metals had been a subject of intensive research for a long time, but the understanding of the microscopic origin of "metallic magnetism" was quite limited until the early 1970's. During the last 10 to 15 years both theory and experiment contributed towards significant progress in this field, such that today a qualitative understanding has been achieved. The word "qualitative" indicates that the knowledge is still not complete; although many properties, the ground state as well as the finite temperature behaviour and the phase transition from magnetic order at low temperatures to the paramagnetic state at high temperatures, can be explained in a coherent way, a quantitative description still is not fully achieved. It is certainly appropriate to summarize the developments of the last 15 years and the

present-day understanding of the field, this is the aim of this Topics volume. The form chosen is a collection of reviews, written by prominent scientists who themselves contributed decisively to the progress. Scientists with a general interest in the field as well as specialists and active researchers in metallic magnetism should be able to profit from the two-volume treatment. The subjects not covered extensively in the present first volume (in particular neutron scattering and electronic structure properties) will make up the second volume.
