As women age, their metabolisms slow, and over a 20-year period, the average woman packs on about 30 pounds of fat. So, in order to lose weight, women turn to diet plans that not only restrict calorie consumption, but also are very difficult to maintain. Now, with Get Stronger, Feel Younger, you can shed the fat that you've accumulated over the years, while regaining and maintaining a healthier body composition and a faster metabolism-without depriving yourself of the foods you love. Acclaimed fitness experts Dr. Wayne Westcott and Gary Reindel present their proven strength training program that has helped over 3,000 research participants shed fat, regain atrophied muscle, and experience dramatic increases in resting metabolic rate. Using cutting-edge exercises and brief high intensity workouts, in as little as 10 weeks you can experience a 15-pound improvement in body composition and physical appearance: up to 12 pounds of fat loss, 3 pounds of new muscle, and a 6 percent increase in resting metabolic rate. There are two programs: the Standard Strength Training Program, which requires only 20 minutes for completion

in 2 days a week, and the Advanced Strength-Training Program, which requires 30 minutes 3 days a week. Dr. Westcott and Reinl also provide a natural nutrition plan that not only may enhance your results, but also is realistic and easy to follow. They explain how using brief high-intensity workouts and strength training can transform your body-as well as help prevent diabetes, heart disease, stroke, osteoporosis, low back pain, arthritis, and several types of cancer. Widely regarded as one of America's leading strength and fitness professionals, the author has won numerous natural bodybuilding titles and has been published or featured in virtually every major fitness magazine. In this book, he brings his expertise to everything needed for completing a total-body transformation in just six months. In a plague-ravaged world in the not-too-distant future, Vann Arnett believes he may be the last unaffected survivor in a city populated by bloodthirsty monsters. During the daylight hours he struggles to survive, mourning the loss of his wife and daughter 18 months earlier, while at night he fights to keep his sanity. Safe behind the walls of his fortified stronghold, he endures the nighttime torment of the Kindred, the affected survivors who have mutated into vampire-like creatures that seek to destroy him. Vann longs for

human contact, and a chance daytime encounter with an affected survivor - a young woman who isn't part of the Kindred - not only revives his sense of hope but forces him to reevaluate his beliefs about the supposedly nocturnal creatures. That carefully structured routine, one that keeps him safe in a world where he is surrounded by walking nightmares, is further disrupted when a group of heavily armed uninfected survivors rolls into the city. Are they a sign the world is righting itself or just the last brutal spasms of humanity's death throes? Before he can come to grips with the implications of these two events, matters quickly and savagely go awry and spiral out of control. The situation escalates rapidly and soon becomes a desperate life-and-death battle between Vann with the other unaffected survivors and the Kindred. Finally, here's a proven program that shows you the fastest and most effective way to flatten your stomach, melt away your fat, and improve your overall health. Provides a step-by-step plan to burn body fat by building muscle, in a program that combines Nautilus training with sound nutrition
