*Dare to Walk in Our Shoes* May 21 2022 Zion and A'nylah are friends, growing up with parents raising them with similar values; they learned at an early age what (Leave no man behind) means. Unlike most kids and friends growing up together, such as Jacob and Trinity, who are latchkey kids. In my previous books (My Seat on the Bus and Roll Call), you'll find Jacob and Trinity negative, selfish, bullying, and provoking to their friends, and doing what they want to do. But Zion and A'nylah who are selfless, patient, loving, and forgiving were determined not to turn their backs on their friends, no matter how bad Jacob and Trinity treated them so, they challenged Jacob and Trinity; "Dare to Walk in Our Shoes" for a day or two? Jacob and Trinity were curious and accepted the challenge. So, read along as you take that walk with Jacob and Trinity, in Zion and A'nylah's shoes. See how friendship, patience and love brings about a change.

**A Commentary on Micah** Feb 06 2021 In this masterful commentary, respected biblical scholar Bruce Waltke carefully interprets the message of the prophet Micah, building a bridge between Micah's ancient world and our life today. Waltke's Commentary on Micah quickly distinguishes itself from other commentaries on this book by displaying an unprecedented exegetical thoroughness, an expert understanding of historical context, and a keen interest in illuminating the contribution of Micah to Christian theology. Tackling hard questions about date and authorship, Waltke contends that Micah himself wrote and edited the nineteen sermons comprising the book. Waltke's clear analytical outline leads readers through the three cycles of Micah, each beginning with an oracle of doom and ending with an oracle of hope, decisively showing that hope wins over doom. Learned yet amazingly accessible, combining scholarly erudition with passion for Micah's contemporary relevance, this book will well serve teachers, pastors, and students alike.

**Hymns of Zion, With Appropriate Music** Nov 27 2022 Excerpt from Hymns of Zion, With Appropriate Music: Designed as an Aid to Devotion in Families, Social Circles, and Meetings for Public Worship Many persons of piety and good taste in literature, have lamented the prosaic and inelegant style of most of the hymns and spiritual songs in general use. Watts, Rippon, the Wesleys, and other devout men, have undoubted claims to our grateful regard for their lyrical compositions - but we should not so reverence their labors as to forego the advantages of improvement. *Women, Church, and Leadership: New Paradigms* Nov 22 2019 This book is about leadership, a scholarly and pastoral response to the urgent demand for the renewal of the contemporary Christian church. It challenges readers to articulate the identity and vision of the church in new ways, and encourages them to revitalize their ministry with fresh insight and passion from women's perspectives. The eight essays written by female scholars in relation to various areas of theological study and the nine pastoral responses to the essays written by ministers from seven different denominations, based on their experiences of actual ministerial settings, provide new paradigms of church leadership--theologically profound, practically relevant, and historically timely. This volume, a product of a collaborative process between academia and church, promises to be a most useful resource to renew the leadership of the church and its vocational commitment to the transformation of the church and society.

The Minstrel of Zion Sep 25 2022 Excerpt from *The Minstrel of Zion: A Book of Religious Songs, Accompanied With Appropriate Music, Chiefly Original IN teaching and practising Vocal Music*, it is common to apply certain syllables to the several degrees or intervals of the Diatonic Scale: this is called Solmization. The end proposed is, that the application of the same syllable to the same degree or interval may naturally suggest its proper sound, and its true relation to the other degrees of the scale. **Zion's Dilemmas** Jun 10 2021 In *Zion's Dilemmas*, a former deputy national security advisor to the State of Israel details the history and, in many cases, the chronic inadequacies in the making of Israeli national security policy. Chuck Freilich identifies profound, ongoing problems that he ascribes to a series of factors: a hostile and highly volatile regional environment, Israel's proportional representation electoral system, and structural peculiarities of the Israeli government and bureaucracy. Freilich uses his insider understanding and substantial archival and interview research to describe how Israel has made strategic decisions and to present a first of its kind model of national security decision-making in Israel. He analyzes the major events of the last thirty years, from Camp David I to the 1982 invasion of Lebanon, through Camp David II, the Gaza Disengagement Plan of 2000, and the second Lebanon war of 2006. In these and other cases he identifies opportunities forgone, failures that resulted from a flawed decision-making process, and the entanglement of Israeli leaders in an inconsistent, highly politicized, and sometimes improvisational planning process. The cabinet is dysfunctional and Israel does not have an effective statutory forum for its decision-making-most of which is thus conducted in informal settings. In many cases policy objectives and options are poorly formulated. For all these problems, however, the Israeli decision-making process does have some strengths, among them the ability to make rapid and flexible responses, generally pragmatic decision-making, effective planning within the defense establishment, and the skills and motivation of those involved. Freilich concludes with cogent and timely recommendations for reform.
